

→ Nature-based solutions at Sweco

Let's transform society together through...

We are sustainability innovators, ecosystem protectors, climate crisis collaborators, net zero chasers and **difference makers**.

At Sweco, we have the insights, expertise and drive to put nature at the heart of the transformational projects we lead and support across buildings, transportation and infrastructure.

| | | | | | |
|---|-----------------------------------|---|---------------------------------------|--|---|
| Biodiversity credits verification & reporting ✓ | Coastal & marine design ✓ | Ecosystem & atmosphere carbon sequestration ✓ | Flood risk assessment & management ✓ | Green placemaking & landscape architecture ✓ | Land management (incl. policy guidance) ✓ |
| River recovery & restoration ✓ | Road & pathway verge management ✓ | SuDS (incl. rain gardens, bioswales) ✓ | Sustainable agroforestry management ✓ | Water & nutrient neutrality ✓ | Wetlands construction & restoration ✓ |
