

Sweco

UK & Ireland

Sweco is Europe's leading engineering, environment and design partner, with a complete portfolio of buildings, transportation, urbanisation, water management, energy transition, digitalisation and regulatory expertise.

Our mission:

To create people-led, nature-positive, innovative solutions that address urbanisation, embed sustainability and capture the power of digitalisation to make a meaningful difference in everything we do.

Our values:

Across our multi-disciplinary skills, we can call on the right knowledge, behaviours and technical capability to deliver the right bespoke solution at the right time.
